

Exhibit 10

Tue 4:36 PM

Hello, I need an emergency admission of a homeless person with serious mental health issues and I completed the form pursuant to A.R.S. § 36-524

Hope to get to Kingman tomorrow to have it notarized, then what's next? MCSO is leaving the man to die in the desert and MCSO needs to be ordered to pick him up for evaluation.

Wed 7:21 AM

Christine Baker, thank you for reaching out. We received your message and we're working to determine the appropriate next steps.

Wed 12:32 PM

I'm going to have to leave Meadview soon with the application.

Don't want to have to drive at night

Wed 1:03 PM

Christine, thank you for your concern for this gentleman. Hospitals do not have authority to compel an evaluation for a person who is not present at their facility.

Step 2: Submit the Application to a Screening Agency

Once an Application for Involuntary Evaluation is filled out by an individual (that meets the criteria detailed in Step 1) it must be signed by a notary before being submitted to a screening agency. Screening agencies, also known as Behavioral Health Agencies, and their satellite offices are located throughout the State of Arizona.

Before traveling to an agency, call to see if they accept applications and if they have an office nearby.

If it is an emergency or after hours situation, an Application for Emergency Admission may also be filed at most hospital emergency rooms.

So, I completed the Application for Emergency Admission for Evaluation pursuant to ARS 36-524

Why are you REFUSING to accept my application?

As stated at <https://azcourtcare.org/civil-commitment-process/application-submitted>, you need to ACCEPT and FILE my application and then have Elliot picked up by MCSO:

What if I filed an emergency application?

If you filed an emergency application, because the proposed patient is a danger to themselves or others, the pre-petition screening takes place at the emergency room or crisis center. Due to the immediate danger the person is in, there is not enough time to go through the process above. If the person is in the community, because they would not or could not be taken to a facility, local law enforcement will try to find the person and bring them to a crisis center, emergency room, or hospital as soon as possible. Once at a facility, the psychiatrist will complete the screening and decide whether to go forward with the petition for evaluation.

Step 2: Submit the Application to a Screening Agency

Please advise who I will see to have KRMC file my application.

Wed 1:49 PM

Hello?

Wed 3:19 PM

Could you please have the courtesy to respond. I don't want Elliot to be found dead like this man:

DEATH INVESTIGATION- NORTH OF KINGMAN
...
Mohave County Sheriff's Office

Wed 4:03 PM

KRMC does not process these applications. We suggest that you contact a behavioral health agency such as Mohave Mental Health or Southwest Behavioral for assistance.

Wed 4:42 PM

Thank you 🍌
